This architect's drawing shows a new twenty million dollar hotel to be built in Montreal next year. The hotel, capable of accommodating 2700 persons at banquets and more than 4000 at

meetings, will make Montreal one of the finest and most important convention cities in North America.

Going my way? Although the city of Toronto will have the first Canadian subway in operation, it was a Montrealer who was the first aboard as two of the cars passed through the metropolis from New York to the Queen City. Pretty Hillary Gordon got on board to claim the honor at the waterfront as the car was unloaded.

Chamber of Commerce Meeting

The LaSalle Chamber of Commerce held their regular meeting on Monday evening, August 24 at the Sunnyside Hotel. There was in attendance more than 30 members, and representing the town council were Mayor Herbert Runstedler, Mr. A. Nutkins, and Mr. J. Trotter.

The procuring of street signs is still under investigation by Mr. Gerry Craig.

Mr. A. Nutkins is to look into the matter of locating a site for the erection of two town signs on Malden Road. The sign now erected at the corner of Reaume Road and No. 18 highway, will be moved as soon as permission is obtained to erect it elsewhere.

The committee formed to consider the possibility of opening a bank in LaSalle, reported that Mr. Bart Evon was informed by the manager of the Dominion Bank of Canada, that all particulars, with regards to opening a branch in LaSalle, had been sent to their Toronto office and that we would be advised shortly.

Mr. Henry Seewald, representing the mortgage committee, reported that before August 10, everyone that he was to contact was too busy with other matters, and since then, they seem to be on vacation. Mr. Seewald, however, indicated that he expected to have some action very soon.

A list of available town lots is to be obtained from the town hall.

Letters were written to Mr. Dunbar and Mr. Greisinger with regards to Dr. Jung's application to sub-divide property which he had purchased. The replies received stated that this matter would be looked into immediately. However, Dr. Jung advised the Chamber that he was no longer interested in sub-dividing due to the length of time incurred.

Due to the absence of Bart Evon, no report was given re-

garding the zone building.

No solution was reached after a lengthy discussion with regard to cutting the long grass and tree limbs along the sidewalks in various places throughout the town.

In order to slow down the traffic on the Front Road, the possibility of marking crossings at designated places on the pavement, especially for the use of school children, was discussed. The complete cost of paint and labour by the Chamber of Commerce did not meet the approval of all members. It was suggested therefore, that this matter be referred to the town council. If, however, the council approves of such markings and the town is unable to finance this project, then the Chamber of Commerce would agree to meet the expenses.

It was suggested that the committee now sponsoring the "Safety Patrol" be contacted, and should assistance be required for this project, the Chamber of Commerce would be glad to assist in any way as such a patrol is a very needed service in LaSalle.

In order to raise funds for future projects, a "Ways and Means" committee was formed, which includes Mrs. Jack Corbett, Mr. Matt Dennis, and Mr. Earl Flannery.

The next Chamber of Commerce meeting will take place Monday evening, September 28.

LaSalle Girl Beauty Contestant

A LaSalle girl, Miss Helen Gall, of Chappus Road, is an entrant for the Miss Western Ontario beauty contest in the 1953 Windsor Firemen's Field Day.

For The Ladies

Ladies, if you like relishes, here are two recipes which prove to be very tasty.

Pepper Relish: 1 doz. green peppers, 1 doz. red peppers, 2 head cabbages, 12 large onions. Put through food chopper and pour boiling water over mixture.

Drain for 15 minutes. Mix 5 cups granulated sugar, 2 quarts vinegar, 3 tsp. salt, 1 oz. white mustard seed. Add to first mixture an 800 ml. tender. Seal immediately.

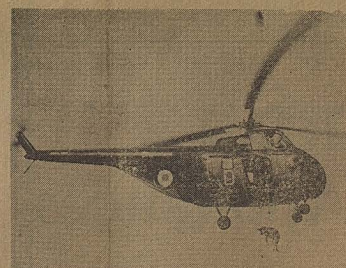

Hot Dog Relish: 4 qts. green cucumbers, 1 qt. onions, 4 green peppers (or 2 red and 2 green).

Put through food chopper and sprinkle with ½ cup salt. Let stand over night (not less than 4 hours), then drain. Pour 2 qts. vinegar over mixture and bring to boil. Then add 8 cups white sugar, 1 tsp. celery seed, two-third cup flour, and 1 tsp. tumeric (mix flour and tumeric together with a little vinegar). Boil altogether for three-quarter hour and seal immediately.

Here is my favorite Chili Sauce Recipe: Be sure to try this one. 30 ripe tomatoes, 6 peaches, 6 pears, 6 onions (large), 3 green peppers, 4 tsp. salt, 4 cups white sugar, 1 qt. white vinegar, some whole mixed spice tied in a bag (use amount according to your taste). Mix altogether and boil for two hours. Seal immediately.

HIGH LIFTER: This new 100-ton derrick, part of its kind in Canada, towers 200 feet from ground to base top. Which means it can do a lifting job to a height much higher than Niagara Falls, anywhere in the country. Seen here in its first use for the first time, the derrick required five railcars to carry it from Lachine, Que., where it was built, to Sarnia, Ont. Here it was used to erect high oil craning towers in building a new refinery.

A scout dog, used to track down bandits in Malaya, is hoisted aboard a British naval helicopter after completing a mission in the dense jungle. Handlers claim the highly-trained dogs take easily to flight and come willingly for the lift to hovering copters.

New Zealand Government

reports Russia has bought 3,000 tons of butter from that country and is seeking 2,000 more. Price was about \$100 a ton above price paid by UK, or 43 cents a pound against 38. Russia also want to buy NZ meat at a price above that paid by UK, but New Zealand's meat agreement with UK provides that she can sell only 2 per cent of her exports, 7,000 tons, whichever is greater, to other countries. Canadian farmers are wise to stay out of these deals.

tion, the National Issues Committee. Her insistence that it would be composed of "liberals" caused reporters to ask what she meant by the term. She replied: "A person who is willing to look at any subject from both sides to realize one is in a changing world and if we want to go forward we must be willing to accept changes — save the best from the past but go forward. This kind of well-meaning incoherence, very common in the free nations today, explains why Russia is making them jump through the hoop.

U.S. Population

growing at more than 2.5 million a year since 1947, has now passed 160 million mark. Adding a native-born citizen every eight seconds, an immigrant every two minutes, U.S. is actually increasing its population faster than India. However, it stands only 4th in world populationwise, with Chinese numbered at 450 million, Indians at 365 million, Russians at 200 million.

Police Court

case at St. Catharines, Ontario, in which 25 youths ranging from 16 to 22 were sentenced on charges involving a girl of 14, sheds some light on present-day Canada.

Crown Attorney, Mr. L. H. Goodman, noted that while most of the youths were working, with some getting as much as \$70 a week, none had bank accounts. All either owned cars or had access to the family car. None had previous records, and most came from good families.

Magistrate, Mr. H. D. Hallett, said in passing sentence: "You are a fair cross-section of the youth of the province, but you have defaulted in moral thinking. You have too much free time and too much money, and didn't have enough mental capacity to face your responsibilities.

Precise Meaning

of expression "working for taxes has been figured out by Tax Foundation Inc., 30 Rockefeller Plaza, N.Y., in a useful chart, which takes the case of an urban wage earner drawing \$4,500 a year. In an ordinary business day, such a man works from 8 to 9:36 a.m. to buy food. He works from 9:36 to 10:11 to buy transportation; and from 10:11 to 11:54 to buy housing.

After an hour off for lunch he works from 1 to 3:34 p.m. to pay direct and indirect taxes; from 3:34 to 3:56 to meet medical expenses; from 3:56 to 4:27 to buy clothing; and 4:27 to 5 for recreation and other items. Thus, taxes take the biggest bite out of his day's pay, accounting for more than food, clothing and medicine combined.

—In my mind, a good deal of the community stands indicted along with these boys. According to your own confessions, which were disgusting, many of you often stayed out till two or three in the morning."

Cases like this typify the consequences that must ensue when young men make big money with little effort; when material "rights" take precedence over moral responsibilities; when law and order are in process of breaking down; and when parental functions have been almost wholly assumed by the state. All these things are happening in Ontario, and Ontario will pay a high price for them.

Poor Planning
A crusade which met a snag
is described in the Family Digest

Refugee Chinese women were
deceived when a group of Family
Planners came to talk to them
at their camp at Rennie's mill in
Formosa. It wasn't until they
had listened to a couple of lec-
tures they were being told how to
use the various methods to
prevent births. The result was
that all but two or three of the
women deserted the birth control
lectures and returned the milk
and other gifts their "benefac-
tors" had distributed to them.

They told the lecturers: "We
thought you wanted to tell us
how to have children but instead
you would give us out by your
contraceptives."

The refugee camps is made up
of several thousand Chinese who
fled from communist terror on
the mainland.
